

SAN ANTONIO BUSINESS JOURNAL

SABJ announces 2014 Who's Who in Energy list

BY SUSAN SAPORITO

Managing Editor, San Antonio Business Journal

The San Antonio Business Journal is pleased to announce its 2014 list of Alamo City-based key players in the energy industry. These people support the industry by providing services in a number of different areas including law, finance, education and oil and gas, to name a few.

This listing is a collaboration with business journals in six other cities – Columbus, Denver, Houston, Pittsburgh, Dallas and St. Louis. The leaders below – as well as those selected in the six other markets – will be featured in a special publication in the Nov. 28 issue of the San Antonio Business Journal. Altogether, that publication will include more than 700 business leaders across multiple industries and states who are driving energy deals and making daily contributions to this booming industry.

Below, find San Antonio's 2014 list of who you need to know in local energy.
